

## PRODUCT STEWARDSHIP IN ACTION

To : **STERLING LAUNDRY LTD**  
Ref. : **H&M RSL**

30 August 2019

Herewith we confirm that for our manufacture of **SOLOPHENYL® BLACK FR** product (Huntsman Products), we do not intentionally introduce the substances in concentrations in our final Huntsman Products that exceed the maximum allowable concentrations as shown in H&M Restricted Substances List, January 2019, when applied as recommended.

Under various environmental protection and product safety regulations, directives, standards and initiatives “intentionally introduced” means “deliberately utilised during the manufacture of the components and/or for the formulation of a material or component where its continued presence is desired in the final product to provide a specific property, appearance or quality.” The above-referenced substances are not intentionally introduced as additives or used in the manufacturing process for the Huntsman products. These substances may only be present as adventitious trace impurities (not intentionally added to the products) in amounts not expected to exceed the allowable concentrations referenced in the above-mentioned document. Analyses for trace impurities in the products are not conducted as part of routine lot certification procedures. Please consult the relevant safety data sheet(s) (SDS), technical data sheet(s) (TDS) and Certificate(s) of analysis (CoA), if applicable.

Please do not hesitate to contact your Huntsman representative, if you have any further questions.

Yours sincerely,

Global Product EHS Management

*This information is given to you in good faith to the best of our current reasonable knowledge, taking into consideration current status of technology as generally applied in the industry and assuming that you will use our Huntsman Products for industrial purposes only. It does not constitute any guarantee or warranty, which are expressly disclaimed herewith. Under no circumstances shall Huntsman International LLC or any of its affiliates be liable for any consequential, incidental or special damages or loss of profit incurred by you, regardless of whether the possibility of such damages or loss was disclosed to or reasonably foreseeable by you.*

*With reference to the safety data sheets of each of the above Huntsman Products, you have full responsibility to use Huntsman Products consistent with such information, including but not limited to any restrictions on use of the Products. Once any Huntsman Product is within your custody or control, you shall have full responsibility for and liability arising out of the storage, handling, transportation, sale, use, reuse, recycling and/or disposal of any such Huntsman Product, and of any derivative product, co-product, by-product or waste product therefrom, including the use of any such product alone or in combination with other substances, and compliance with any laws or regulations relating thereto, including but not limited to those affecting testing for uses of such products.*

*SOLOPHENYL® is a registered trademark of Huntsman Corporation or an affiliate thereof in one or more countries, but not all countries.*

Safer products.  
Better business.  
Everyone's responsibility.
