

Serravalle, Republic of San Marino, January 28, 2019

To:
STERLING GROUP

SUBJECT: COMPLIANCE WITH “H&M Group Chemical Restrictions 2018, Restricted Substance List (RSL), Apparel/Accessories/Footwear/Home Interior Textile Products”

All the Garmon products supplied by Kemin Textiles must be used only for the treatment of fabrics, so, the restricted substances and the limits that have been considered to issue the present declaration, are the ones referred to treated textiles and not to the other different kind of articles considered by H&M (such as Ceramics & Porcelain, or Glass & Crystal or Leather or Paper, Wood and Natural Straw).

We confirm that the following product for textile applications:

ELAM 109

doesn't contain, as intentional components in the formulation, any of the forbidden substances listed in the tables named ***All materials*** and ***Textile (Natural & Synthetic), incl. pigment print.***

This declaration is valid until January 28, 2020.

We are available for any further information.

Best regards.
