

CHT Germany GmbH | Postfach 1280 | 72002 Tübingen

Confirmation of bluesign-approval

The dedication and the responsibility of CHT Group are illustrated by the fact that we have decided to become a bluesign supporter in 2008. Our decision was based on the comprehensive assessment of risks and hazards by the bluesign overall concept. This concept deals with chemical products and substances used by the company and also the process of managing air, water, soil, people and energy.

CHT Germany GmbH confirms that the products listed below are bluesign-approved according current bluesign BSSL (version 7.1) and bluesign RSL (version 8.0) and are listed on bluefinder.

If you have any further questions concerning the products please contact

Tobias Gmeiner
CHT Germany GmbH
Bismarckstr. 102
72072 Tübingen (Germany)
Tel.: +49 / (0) 7071 154-336
